MODEL DESIGNER 设计曲节

Michael Sieger,1964年出生在德国的明斯特城,他的父亲是著名的古堡继承人,同时也是知名设计企业 Sieger Design 创始人的 Dieter Sieger。从小就在设计方面展示出超高天赋的 Michael Sieger,在 23 岁的时候正式进入埃森理工学院学习工业设计。 Michael Sieger 才华横溢,在大学期间已经是学校的风云人物,不仅完成了自己的多个设计项目,更是凭借着为品牌 Vorberg 设计的一款名为 "Delphin" 水龙头,赢得了自己的第一个设计大奖。在设计界展露锋芒的他,同时也赢得了家族的认可,年仅 25 岁还是大学在读生,却已然成为了 Sieger Design 的管理成员之一。毕业之后本应该理所当然进入自家公司工作,他却出乎所有人意料的选择了到明斯特应用科学大学继续学习产品设计。天赋异禀却又分外努力,这便是他与所有人的不同,这也是他成功的奥秘。

Sieger Design was founded in 1964, initially as an architecture firm, today the brothers Christian and Michael Sieger are the second generation to successfully run the family—owned business. Michael Siegel was born in 1964 in the city of Münster, who is the son of Dieter Sieger. Michael Sieger completed his theoretical training in industrial design at Essen polytechnic, and in product design at Münster's university of applied sciences. As early as his school days he collaborated with his brother Christian to realize his first graphics and product design projects, including the corporate design for fashionable bars. These experiences were formative ones for this autodidact who has been awarded international design prizes (e.g. the Wallpaper Award or TDC 51) in the fields of photography, graphics, and trade—show construction and design.

在 2003 年新年伊始,Sieger Design设计公司与 Sieger Design设计咨询公司正式合并为 Sieger Design设计有限公司。在与哥哥 Christian 的默契合作之下,Michael 扩大了家族企业,使之成为了如今能够在市场、工业设计、建筑、平面设计和公共关系多个领域提供全方位服务的一体化公司。如今他凭借着为 Alape, Blome, Duravit, Dornbracht等多家卫浴品牌所创作的技术革新类产品,更是将众多国际类奖项收入囊中。除此之外,Michael 还经常参加了众多国内外知名的设计类展览,如意大利博洛尼亚建筑博览会、米兰家具展等等。他的作品每每在贸易展览会一经亮相,就会引导当季的流行趋势,以赶超时代的敏感度,触动设计以及家居行业的脉搏,引领企业走向巅峰。也许从始至终,Michael 需要做的仅仅是超越自己。

At New Year 2003, Sieger Design and Sieger Design Consulting amalgamated to form Sieger Design GmbH & Co. KG, which he runs with Christian as the business' s two partners. In close collaboration with his brother he has expanded the family company Sieger Design into the full–service provider which it is today in the fields of marketing, industrial design and architecture, graphic design and public relations. In addition he has participated in important design exhibitions at home and abroad, for example at Cersaie and Futurshow in Italy. His keen sense for long–term development makes him a visionary: a seismologist with a finger on the pulse of our times. His trade–show designs are often prescient of international trends long before these trends appear. Perhaps he is even setting them himself!
